In the matter of supporting the Contra Costa County Office of Education/Sandy Hook Promise Partnership

Resolution No. 2018/477

WHEREAS, social isolation is the overwhelming feeling of being left out, lonely, or treated like you are invisible, and social isolation is a growing epidemic in the United States and within our schools; and  
WHEREAS, young people who are isolated can become victims of bullying, violence and/or depression and as a result, many pull away from society, struggle with learning and social development and/or choose to hurt themselves or others; and  
WHEREAS, suicide is the second leading cause of death for American teenagers and many adolescents suffer in silence, while those who do reach out for help tend to confide in their friends and peers, who are often unequipped to intervene; and  
WHEREAS, over the last 25 years, research has revealed that in 7 out of 10 acts of gun violence, a friend(s) was told that an act of violence would be committed or may take place. In one study, it was reported that in 4 out of 5 school shootings, the attackers had told people of their plans ahead of time; and  
WHEREAS, *Start with Hello* (A Sandy Hook Promise "Know the Signs" program) teaches students, grades 2-12, the skills they need to reach out to and include those who may be dealing with chronic social isolation and create a culture of inclusion and connectedness within their school or youth organization; and  
WHEREAS, *Say Something* (A Sandy Hook Promise "Know the Signs" program) is an education and awareness program that provides tools and practices to recognize the signs and signals of a potential threat to students - especially in social media - and teaches and instills participants how to take action; and  
WHEREAS, *Signs of Suicide* (A Sandy Hook Promise "Know the Signs" program) teaches middle and high school students to recognize the warning signs of depression and suicide, thereby building their capacity for empathy, social responsibility, and social activism, leading to safer schools and communities; and  
WHEREAS, *Threat Assessment and Intervention* (A Sandy Hook Promise "Know the Signs" program) helps create safer, healthier homes, schools and communities by accessing help for individuals who may pose an imminent/longer term threat to themselves or others; and  
WHEREAS, by building a culture of inclusion and connectedness, schools and communities can better support their young people and reduce their risk of bullying, violence and depression; and  
WHEREAS, Sandy Hook Promise (SHP) is a national, nonprofit organization based in Newtown, Connecticut and is led by several family members whose loved ones were killed in the tragic mass shooting at Sandy Hook Elementary School on December 14, 2012 that claimed the lives of 20 first-graders and 6 educators; SHP is focused on preventing gun violence (and other forms of violence and victimization) BEFORE it happens by educating and mobilizing youth and adults on mental health and wellness programs that identify, intervene and help at-risk individuals; and  
WHEREAS, the Contra Costa County Office of Education (CCCOE) has committed to support schools and school districts in Contra Costa County through its *Safe Schools for All* initiative and three-year partnership with Sandy Hook Promise (SHP) that features their no-cost "Know the Signs" programs.
