

D.4 All-Mail Election

#	Agenda Item	Your Name	City of Residence	Comments (1500 character limit)
1	D.4 Consider Res. 2020/116 regarding an all-mail ballot election for the November 3, 2020 election			Is this even a question?? Of course it is imperative at this time to send mail-in ballots to EVERY registered voter, as well as registration material to those who are eligible but not yet registered.
2	D.4 Consider Res. 2020/116 regarding an all-mail ballot election for the November 3, 2020 election	Eric Sanchez	Bay Point	Hello my name is Eric Sanchez and I would like the county to know that our residents at 84 Enes Ave, Bay Point, CA are in favor of making voting as easy and safe as possible for all residents in Contra Costa County, this could be aided in the vote by mail ballots with additional drop off stations.
3	D.4 Consider Res. 2020/116 regarding an all-mail ballot election for the November 3, 2020 election	Bakari Kafele	Richmond	Obviously the next election should be 100% by mail. It would be less expensive, more convenient, increase voter turnout, allow greater enfranchisement - oh, and reduce the unnecessary spread of corona virus. I'll miss working as a poll worker once every four years, but when the vote by mail turns out to work better than the traditional method, maybe it will be time to consider making it permanent...
4	D.4 Consider Res. 2020/116 regarding an all-mail ballot election for the November 3, 2020 election	April Lewis	Oakley	I absolutely OPPOSE the supervisors agenda to move to vote by mail only for the 2020 Presidential Election. we as a community are quite dapple if seeing to our own welfare. You are trampling on our constitutional rights and that can not be tolerated! Let those who choose to vote in person make that decision for themselves PERIOD!
5	D.4 Consider Res. 2020/116 regarding an all-mail ballot election for the November 3, 2020 election	Leslie May	Antioch	PLEASE vote 'YES' on mail-in ballots. I will actually leave my house, puck up ballots from seniors like me, drive to Martinez and deposit the ballots at the cointy office!

6	D.4 Consider Res. 2020/116 regarding an all-mail ballot election for the November 3, 2020 election	Shannon Jean	Lafayette	<p>The right to vote in person is one of the most important of our constitutional rights. The vote by mail option is wonderful for people that cannot get to a polling place in person, but it should not be mandatory and I do not believe it is legal for it to be mandatory.</p> <p>Vote by mail is often coupled with "ballot harvesting" that is a tremendous opportunity for fraudulent actions by either party.</p> <p>Regarding the impact of Covid-19 on voting - if you can go to the grocery store, you can go to a polling place. If citizens are concerned about exposure, they should have the CHOICE to mail in their vote.</p> <p>We do not need the board of supervisors to make this decision for us. We are all adults and we will fight for our rights.</p>
7	D.4 Consider Res. 2020/116 regarding an all-mail ballot election for the November 3, 2020 election	Andres Soto	Richmond	<p>Yes. COVID 19 may be with us for years. Elections need to move to mail only and we need to prepare now.</p>

8	D.4 Consider Res. 2020/116 regarding an all-mail ballot election for the November 3, 2020 election	Renee Jean	Lafayette	<p>I have lived in Contra Costa County for 47 of my 51 years. This email is in response to the announcement that the Board is considering forcing it's citizens to lose the constitutional right to vote in person on election day. My primary business is online sales and I can assure you that the United States Postal Service is far from reliable. I have grave concerns that many ballots will not arrive safely on time or at all. In addition because so many things can change weeks prior to election day I prefer to vote in person on that day. A perfect example is all the people who voted in the Primaries only to find out their candidate dropped out and their vote no longer counted. There is far less control went left to the mail system and high potential for fraud or voter manipulation with no checks and balances of having other staff around when collecting votes. Who's to say a mail carrier would not interfere with the collection and delivery of the ballots?</p> <p>I don't understand how you can make a decision about a potential spread of COVID-19 6 months from now. I don't understand why it's considered essential to go to the grocery store or work in some cases but not to vote in person for the President of the United States. This is the most important day of every four years and to leave it to an unreliable system with little to no checks and balances on how to protect those ballots? If you are to pass this it is an appalling and a gross overreach of Government.</p>
9	D.4 Consider Res. 2020/116 regarding an all-mail ballot election for the November 3, 2020 election	Juliette Cote	Walnut Creek	<p>I have voted in person for every single election since I was 18. I am now 55. If I can safely go to the grocery store and hardware store, I should be able to safely go and vote!!! Do not take this RIGHT away from me. Women fought for this RIGHT. You are completely out of line with this. The public is getting increasingly agitated with our government's increasing infringement on our rights during this health crisis. We are doing our part. Don't punish us further as if we are all children and can't put on a mask and clean our hands to go vote!!</p>
