Re: **LETTER OF SUPPORT – CCC BOS AGENDA C.15: APPROVE and AUTHORIZE the Health Services Director, or designee to execute contract with the City of San Pablo, to use of the City’s Davis Park Multi-Purpose Room for COVID-19 testing for the period November 16, 2020 through June 30, 2021.**

Dear Chair Anderson:

The City of San Pablo has been working collaboratively with County Supervisor Gioia’ Office and Contra Costa County Health (CCCHS) officials on establishment of a permanent COVID-19 Testing Site in San Pablo for the remainder of FY 2020/21 for the period November 16, 2020 through June 30, 2021, with the potential for mutual extension provisions, under a proposed Memorandum of Agreement (MOA).

The West Contra Health Center, located in San Pablo, has played an essential role to date in providing critical COVID-19 testing services to the community to address the impacts of the COVID-19 pandemic. Since the WCHC location is a temporary, outdoor COVID-19 testing site location, the City believes a permanent indoor COVID-19 Testing Site would be beneficial for the West County region given that the Richmond/San Pablo communities are noted “Hot Zones” for active COVID-19 pandemic cases within our County. Therefore, the City is pleased to earmark and support the use of the City’s Davis Park Multi-Purpose Facility for this emergency public health purpose which is a local, centralized community facility, located at 1667 Folsom Avenue, in the San Pablo community.

The proposed MOA would establish and facilitate official use of a City provided facility for CCCHS use to combat the COVID-19 pandemic, with all necessary liability and indemnification provisions addressed for this purpose. Following County BOS approval, the San Pablo City Council intends to formally consider adoption and execution of said proposed MOA at their upcoming regular meeting scheduled on Monday, November 16, 2020.

Should you have any questions about this request, please contact me at (510) 215-3016, or via email at: MattR@sanpabloca.gov.
