**Subject:** Proceeds from Measure X

As a member of the Friends of the Pinole Library Board of Directors, I urge you and your committee to use some of the remaining money Measure X for Public Libraries, especially those who have been neglected. The Pinole Community Library needs a new roof, better parking control, more employees, and a general facelift. These items, once completed, would entice more usage of the Library, and encourage more teen and adult participation.

When these rare opportunities come along, the CCC Library system, and in particular, The Pinole Library should be improved to reflect the image to the community, that the Pinole Library is the educational hub of the city. Please make this commitment.

Chuck Dadisman
