5. RECEIVE status report on the proposed utilization of Measure X funds in the amount of \$50,000 for the establishment of a countywide library foundation and CONSIDER providing direction on foundation formation.

County Librarian Alison McKee presented the staff report, providing background on how the concept of establishing a county library foundation came about and referencing a 2016 report called "Promoting Excellence in Library Service in Contra Costa County", which included such a recommendation. Since 2016, several involved people have come and gone but the current organizing committee still has members who worked on the 2016 report.

Alison introduced Nicole Gemmer, Danville Library Commissioner and Foundation Organizing Committee Chair; Peter Wilson, District V Library Commissioner; Rachel Rosekind, District I Library Commissioner; Kathy Gilcrest, San Ramon resident and main author of the 2016 report; Angela Lowrey, Friends of the Oakley Library; and Michael Fisher, El Cerrito Library Foundation and El Cerrito Library Commissioner. The Foundation Organizing Committee has been meeting regularly to plan, meeting with and researching best practices of other library foundations, meeting with local library foundations, County supervisors, the East Bay Leadership Council, and the County Hospital Foundation to obtain input and feedback on foundation formation. The Organizing Committee met with many potential nonprofit fiscal sponsors, and entered into an agreement with Ed Fund West that will allow the Organizing Committee to operate with the benefits of a nonprofit organization while navigating the process of becoming a tax-exempt nonprofit foundation. Under fiscal sponsorship, the Organizing Committee will be able to fundraise.

The County intends to enter into its own financial agreement with Ed Fund West to provide for disbursement of the Measure X funding allocation for expenses related to the Organizing Committee's efforts to establish the tax-exempt nonprofit foundation. The County also intends to enter into a nonfinancial agreement with the Organizing Committee outlining parameters for use of the Measure X funds, process for accessing the funds, and reporting/documentation requirements.

Once the Foundation is established, it is envisioned to function as an autonomous, non-County entity but will work closely with the Board of Supervisors and County Librarian to align goals. The County Librarian asked for the Internal Operations Committee's and Board's input on formation elements including:

- number of directors (usually a range)
- criteria for selection of initial and future board members (e.g., geographic, ex-officio, voting/non-voting, stakeholder or socio-economic designations)
- potential initial board members
- potential community partners, and
- future projects of interest.

Vice Chair Andersen acknowledged the challenge of achieving representation across the County, having so many cities. She is inclined towards a smaller board but with geographic representation. She suggested that the Organizing Committee consult each County Supervisor to obtain input on how the foundation board should be constituted both in size and composition. She would like to see the foundation direct its resources to library services that are provided countywide and would like to see partnerships with other County departments. She believes the library can serve as youth or afterschool centers to provide safe environments for unsupervised youths.

Chair Burgis explained that she had appointed, early in her County tenure, Don McCormick, who served on the Alameda County Library Foundation, because she believed a foundation should be established for East County library services or countywide to help communities that had less robust library services. Originally, she envisioned such a foundation as addressing some of the inequities that exist across the library system but also appreciates the opportunity to address services that are can be offered countywide. She views the \$50,000 Measure X allocation as seed money to grow a foundation that would not necessarily continue to be reliant on Measure X funds but would become capable of raising its own funds through philanthropy, grants, grant leveraging and investments. She prefers to see a foundation board of no more than seven members who can demonstrate what can be done with \$50,000, not just in terms of generating money but also developing leadership. She prefers the foundation board to be composed of people with expertise in fund building and also by members of those communities that need to be built up.

Vice Chair Andersen expressed a preference that the foundation not be a County-appointed entity so that it can operate freely without the constraints that are placed on governmental bodies. Staff verified that a private nonprofit corporation would not be subject to the Brown Act. Staff shared that upon review of the library foundations of several other California counties, most had boards reviewed comprised 8-10 members and there appeared to be at least two distinctive models: one weighing heavily on library and community stakeholder representation and another (Alameda County specifically) weighing heavily on industry leaders/financiers with connections to wealth and potential endowments.

Chair Burgis would like to see a foundation that can attract new funding and expertise to help address the needs of library stakeholders, so she is inclined towards a foundation board that is business-oriented in terms of generating financing, mentoring leadership and connecting people to funders. Staff mentioned that the Alameda County Library Foundation has its own advisory board composed of community stakeholders and that the County Library Commission could possibly serve in such a capacity.

Vice Chair Andersen is inclined to recommend that the foundation be independent of the County, be composed primarily of business leaders who can attract funding for library needs and also representation of other local library foundations. She is not opposed to the Library continuing to apply for future Measure X dollars independent of the future foundation.

At this point in the meeting, the Committee learned that an unidentified caller was

attempting but being prevented from joining the meeting by telephone, and wished to participate and comment. Since staff was unable to identify and resolve the source of the technical problem while the meeting was in progress, staff provided Caller 1 access to the meeting through a desktop telephone and Caller 1 was then able to listen to and, later, comment on the matter being discussed.

Chair Burgis invited public comment:

- Peter Wilson commented that the objective of the library foundation is to raise funds to address library needs identified by the County Librarian. He has raised upwards of \$30 million in his university work and has found that the most successful fundraising is designed around major gifts that support specific programs and facilities rather than operations expenses, which he expects the County to fund. He believes the guideline for selection of foundation board members should be "can they raise money or do they have money?" He recognizes the Alameda County model as an appropriate model and believes such a model can be achieved while still recognizing diversity, but the foundation's primary mission of fund development should be paramount.
- Nicole Gemmer concurred with Mr. Wilson's comments and also said that foundation board members should be passionate about the mission. She believes that the foundation's independence and autonomy will help to attract board members and will give donors confidence that the money will go where it will do the most good. For transparency and accountability, she said it will be important to seat individuals that do not have conflicts of interest. She said that there is no money for staff, therefore everyone involved will have to work, and expectations about what can be accomplished with no staff must be realistic. She said there is good energy on the Organizing Committee and group synergy should also be a consideration for seating members on the foundation board.
- Michael Fischer thanked the County for the Measure X funding and offered whatever support he could to the foundation effort.
- Kathy Gilcrest commented that she spent most of her 40-year career as a grant maker for a large Los Angeles foundation and for grant-seeking organizations such as universities and small nonprofits. As a grantmaker, she funded public-private partnerships and witnessed their power to transform. The new foundation hopes to do that same thing. She did fund startup nonprofits and, so, has an awareness of what is needed to grow a foundation into a robust and sustainable organization. As a major gifts fundraiser for universities, she participated in capital campaigns that raised billions of dollars over the years using a peer-to-peer model that relied on leadership of a private board of directors and their allies in the private sector to raise funds. She believes the model being considered is consistent with that, ie., "people give to people". She acknowledged a need to build a foundation board that is as representative of our community as we can make it and that has the capacity, given that they will have little or no staff, to do the job that needs to be done.
- Caller 1 explained that she missed much of the discussion because she could not gain access to the meeting through her telephone and was now being connected through staff's speakerphone. She said that Measure X money is hard-earned money and hopes that the money is being allocated to the Library with the intention to strengthen the educational strengths of those communities that need academic intervention rather than using public money to further certain public activists or politicians to move their pet agendas disguised as charity or literacy. She said it would be wrong to indoctrinate young children sexually and, as a public and a parent, she does not support use of her tax money for such purposes. She hopes this money will be used for academic intervention only.
- Angela Lowrey commented that she was asked to participate in the countywide

library foundation Organizing Committee a few months ago and observed that the group is dedicated, focused, and committed to getting this foundation set up in a way that is viable long-term, that honors hard-earned public funds, and is centered on going the distance. People donate to foundations because of the trust and confidence that is established. She expressed appreciation both for the Organizing Committee and the opportunity to participate in it.

- *Susan Hildreth offered written public comment that is attached to these minutes.*

Vice Chair Andersen said the Organizing Committee seems very capable and the Internal Operations Committee does not want to be an impediment to the Organizing Committee's efforts if they have a true vision. Chair Burgis concluded that she would like to see reports back to the County about how the Measure X allocation is being used, and suggested the possibility that additional Measure X funds might be made available.

6. The next meeting is currently scheduled for July 11, 2022.

The Committee confirmed the next meeting date.

David Dolter

California's development project approval process is complex, expensive, and time-consuming. David mitigates this by thorough due diligence and extensive land planning and project management experience. His practice includes real estate acquisition, project management and asset recovery for private, institutional, and public sector clients for projects located in Northern California and the Central Valley.

He has held senior development executive positions with large community developers and secured approvals for over 8,500 units and seven master planned communities. In addition, Dave is a recognized manager and team builder. He has managed organizations with over 1,100 employees, including co-founding a successful development company.

Integrating environmental protection with development is an area of expertise for Dave. He was one of the leaders in the conservation effort known as the San Bruno Mountain Area Habitat Conservation Plan (HCP) as a member of its Steering Committee. Also, he was the principal author of the Northeast Ridge Specific Plan, a land use protocol that included HCP implementation. Dave implemented the North Village Specific Plan for 2,500 homes, a community college campus, and 500 acres of preserved habitat and wetlands.

Prior to real estate development, Dave was the City Manager of Redondo Beach and the Executive Director of its redevelopment agency leading a team that developed the \$50M Harbor Center project consisting of a 175-room hotel and the acquisition/refurbishing of a blighted shopping center.

He has been active in many land planning organizations including the American Planning Association, the American Institute of Certified Planners ("AICP"), and the California Planning Roundtable. His extensive record of community service includes the City of Brentwood and Town of Moraga Planning Commissions, Contra Costa County Aviation Advisory Committee, Alamo Police Services Advisory Committee, Trilogy Vineyards Veterans Association, and Regent, John F. Qualifications and Volunteer Experience

Please explain why you would like to serve on this particular board, committee, or commission.

Since October 2016, I have served as a Fire Board Director for the East Contra Costa Fire Protection District (ECCFPD). Initially appointed by the City of Oakley, serving the dependent special district and then elected in November 2018, as the district became an independent special district. As ECCFPD is expected to annex into the Contra Costa County Fire Protection District (CCCFPD) in July 2022 and the current ECCFPD Fire Board will be dissolved, I believe that I can provide historical perspective and value, from my time served on the Board. I have also built strong relationships with community members in East Contra Costa County, as well as Elected Officials throughout the State of California. I believe that I am level headed, have excellent communication skills and the ability to build consensus. For all of the reasons above, I would respectfully ask that you consider my appointment to this commission.

Describe your qualifications for this appointment. (NOTE: you may also include a copy of your resume with this application)

In June 2017 I was appointed as the Vice President of the ECCFPD Fire Board. I served in that position until January 2018, when I was appointed as the Board President. I have continuously served as the Board Chair since 2018 and have been humbled by the confidence of my fellow Board Directors, to keep me in Chair position. During that time I have attended the 2017 and 2018 Special District Leadership Academy and have received recognition in Special District Governance. In March 2020, I received the EMS Advocate of the year award, from the National Association of Emergency Medical Technicians. As you will see from my CV, I have a significant amount of experience and understanding of the Fire Service, Emergency Medical Services and Public Safety. I have been identified as a Subject Matter Expert in the related fields above and believe I would blend nicely with the current Advisory Fire Commission.

Qualifications and Volunteer Experience

Please explain why you would like to serve on this particular board, committee, or commission.

I want to serve on this commission to represent my community in Eastern Contra Costa County, which will shortly be annexed into the Contra Costa County Fire Protection District. Additionally I would like to support and help direct the fire service in the entire district. I grew up in the service area of the CCCFPD as it exists today, and I am familiar with its citizens and topography.

Describe your qualifications for this appointment. (NOTE: you may also include a copy of your resume with this application)

I have previously served as a Director of the East Contra Costa Fire Protection District. During my time on the board of the ECCFPD, I attended every board meeting, as well as numerous committee meetings. I helped guide the development of the ECCFPD strategic plan, as well as assisted in the rewriting of the District's bylaws. Prior to the pandemic, I attended the meetings of the Diablo Firesafe Council for several years, and assisted in drafting the Contra Costa County Community Wildfire Protection Plan. After serving on the Board of the ECCFPD, I attended California State University at San Marcos and received a Bachelor of Science degree in Wildfire Science and the Urban Interface. I have worked with both the California State Parks and the East Bay Regional Parks District on successful fuels reduction and mitigation projects, as well as with private property owners and other stakeholders. Additionally, I have made recommendations to Contra Costa County staff regarding fuels reduction projects on County owned lands that were potential hazards to the community or had experienced abnormal fire frequency, and those projects have become a regular part of the County's annual fire mitigation program.

Meeting Date: 06/16/2022
Subject: Process to Create County Library Foundation
Submitted For: Alison McKee, County Librarian
Department: Library
Referral No.: IOC 22/11
Referral Name: Process to Create County Library Foundation
Presenter: Alison McKee, County Librarian **Contact:** Alison McKee 925-608-7700

Referral History:

Contra Costa County Library is currently supported by 29 different Friends of the Library and Library Foundation groups. All but two of them are registered 501(c)(3) nonprofit organizations.

City/Library	Friends Group	Foundation	City/Library	Friends Group	Foundation

Hercules	X	X	San Pablo	X	
Kensington	X		Walnut Creek	X	X
Lafayette	X	X	Ygnacio Valley	X	(same as WC)

* Not a 501(c)(3)

The Library's adult literacy program, Project Second Chance, also has a 501(c)(3) nonprofit support group called Project Second Chance, Inc.

In general, the Friends of the Library groups raise funds by reselling donated used books. They use the proceeds from those sales to fund books and programs at their associated local libraries. (N.B. The Clayton and San Ramon Library Foundation

function as Friends groups.) Library Foundations, on the other hand, raise funds from corporate or individual gifts and may also apply for grants and host fundraising events. All library foundations associated with Contra Costa County Library came into existence to raise funds for new capital projects. Once new library construction is completed, the foundations either dissolve or continue to raise funds that go towards facility and/or service improvements and sometimes extra open hours.

Since these existing support groups are dedicated to fundraising for their local libraries, the funds they bring in are restricted for use at their associated library. However, the amount of funds generated by each group varies dramatically. The support groups in the wealthier communities bring in significantly more funds than the support groups in less wealthy communities. For example, the Friends of the San Pablo Library typically bring in approximately \$2,000 each year compared to the Friends of the Danville Library who typically bring in approximately \$44,000 each year. It is also worth noting that none of the libraries in low-income communities have an existing library foundation, which means there is limited support for fundraising for the upcoming library capital projects in Bay Point and Oakley.

This disparity enables the libraries in wealthier communities to offer more services, and in some cases open hours, than those libraries in low-income communities. Additionally, there is currently no group that is focused on fundraising for the resources and services offered on a countywide basis, such as online databases, countywide collections, or library marketing campaigns.

In the 2016 report, *Promoting Excellence in Library Service in Contra Costa County*, the Contra Costa County Library Commission identified severe funding shortages in the Library's ability to serve county residents. One of the recommendations from the report is:

implementation of a centrally organized fundraising effort to secure private gifts and bequests in support of countywide services.

At the 2017 Friends, Foundation and Commission Forum at the Walnut Creek Library, Commissioner Don McCormick (District 3), who at the time also served on the Board of the Alameda County Library Foundation, discussed with then County Librarian Melinda Cervantes the possibility of starting a library foundation dedicated to raising funds for the libraries in East Contra Costa County, to which she responded positively. Commissioner McCormick then approached District 3 Supervisor Burgis about the idea, to which she also responded positively. On Feb. 18, 2018, Supervisor Burgis hosted a meeting with Library staff, certain Library Commissioners, and District III and District V staff to explore the possibility of creating a Library Foundation dedicated to raising funds for East County Libraries. The proposed mission of the Contra Costa County "Delta Library Foundation" was to be:

provide critical support to local libraries resulting in all people in our communities having access to knowledge in all its forms. We accomplish this mission by raising revenue in support of library programs, facilities and services that promote traditional and digital literacy, encourage educational achievement and lifelong learning, and address opportunity gaps in the communities we serve.

All attendees agreed that a library foundation would be a positive entity, however, soon thereafter it was determined that all the communities in the county would benefit from a library foundation, and thus it was preferable for its focus to be countywide.

As a result, former County Librarian Melinda Cervantes formed a small task force of volunteers to consider the idea, seek input from local library foundations and friends groups, and develop a conceptual plan. On June 4, 2018, Commissioner McCormick presented a status report on this effort to the Library Commission. During the presentation, he emphasized the disparities among the various libraries in Contra Costa County that could be alleviated with funds raised by a countywide library foundation. He also mentioned the positive feedback that was received from local library foundations during meetings he had with them to introduce the concept. The commissioners present at this meeting were very supportive and excited about the potential of a countywide library foundation.

Due to difficulties in obtaining start-up funds, the effort to create the countywide library foundation was stalled until 2021, when the new County Librarian, Alison McKee, determined one of her priorities would be to move forward with its creation. She encouraged the formation of a new committee to work with her in developing plans for its implementation. The group of individuals who volunteered are made up of members of the Library Commission as well as other interested community members. In the Summer of 2021, members of this organizing committee met with each of the County Supervisors to inform them of the group's activities and ask for their input and support.

Referral Update:

Measure X

In December of 2021, the foundation organizing committee submitted a proposal to the Board of Supervisors requesting \$300,000 in one-time Measure X funds to establish the Library Foundation of Contra Costa. On February 22, 2022, the Board of Supervisors allocated \$50,000 of Measure X funds (see attached BOS approval) as 'seed money' to help establish the Library Foundation of Contra Costa. This one-time allocation will enable the foundation organizing committee to:

- Enlist professional legal and financial expertise to assist with creating the Foundation's fiscal and organizational structure and registration as a CA 501(c)(3) nonprofit organization
- Create a website presence and fund online hosting costs associated with a website

Library Foundation of Contra Costa

The Library Foundation of Contra Costa ("Foundation") is being formed to assist the Contra Costa County Library in its mission to provide library services to county residents that "spark imagination, fuel potential, and connect people with ideas and each other."

As the County Library's fundraising arm, the Foundation will seek private support for projects that are not or cannot be funded through existing Library funding sources. In so doing, the Foundation will support the Library's goals and objectives to:

- Provide equitable access to services, programs, and facilities throughout the county;
- Promote literacy, educational achievement, and lifelong learning; and
- Address gaps in facilities and library service in impacted communities.

The Foundation will work closely with the County Librarian to identify funding priorities. The primary focus will be on collections, capital projects, and programs and services not funded by the Library's existing budget or local library foundations and friends groups. The Foundation will work with local library foundations and friends groups to seek opportunities for coordination, potential collaboration, and organizational development.

The Foundation will be a non-profit 501(c)(3) organization registered with the IRS and the State of California. It will be operated and governed by an independent board of directors, and donations will be tax deductible to the full extent of the law. During its organizational phase, the Foundation will operate under fiscal sponsorship.

Fiscal Sponsorship

Since it can take up to a year to acquire tax-exempt status, many aspiring nonprofits use an already established 501(c)(3) nonprofit tax-exempt organization as a fiscal sponsor to be able receive contributions prior to becoming a 501(c)(3). Using a fiscal agent will allow donors to make tax-deductible contributions to the Library Foundation of Contra Costa through the fiscal agent even though they do not have tax-exempt status yet. Once tax-exempt status is obtained, the Library Foundation of Contra Costa will dissolve the fiscal sponsorship relationship since it will be able to receive donations directly.

The foundation organizing committee conducted a comprehensive search and analysis of potential fiscal sponsors. They met with and assessed nine non-profit organizations and finally determined that the West County Public Education Fund (Ed Fund West) was the best candidate. In addition to enabling donors to make tax-deductible contributions to the Foundation, Ed Fund West will also provide significant administrative support including:

- accounting services according to generally accepted accounting principles (GAAP)
- auditing, including an annual audit of financial records
- banking
- bill paying
- insurance coverage

On April 25, 2022, Nicole Gemmer, chair of the foundation organizing committee, executed a contract and addendum with West County Public Education Fund (Ed Fund West) to act as fiscal agent on behalf of the foundation organizing committee. Ed Fund West agreed to serve as fiscal agent in exchange for 10% of all donated and earned revenue received, except for the

\$50,000 Measure X funds granted to the group by the Board of Supervisors. Under the terms of the contract, Ed Fund West will receive and disburse funds on behalf of the foundation organizing committee in support of the establishment of the Library Foundation of Contra Costa.

To enable members of the organizing committee of the Foundation of Contra Costa to access the Measure X funds granted from the Board of Supervisors, the County will enter into an agreement with their fiscal sponsor, Ed Fund West. The agreement will outline the milestones at which Ed Fund West will disburse the funds to the organizing committee. The funds will be held and disbursed pro bono by Ed Fund West to the organizing committee once the County Librarian has verified achievement of specific milestones. Broadly, the major disbursement categories are proposed as:

1. Preparation for IRS filing not to exceed \$2,500 based on actual receipts for out-of-pocket expenses.
2. Filing for nonprofit, tax-exempt status not to exceed \$32,500 based on actual invoices for professional Certified Public Accountant or specialized legal services.
3. Graphic Art/Website Development, domain name and hosting not to exceed \$15,000 based on actual invoices for professional services.
4. Unused balance after the three objectives above have been met, to be available for fundraising activities.

The service plan will delineate specific tasks and associated payment milestones.

Potential Areas for Board of Supervisors Input

The Foundation will operate as a private non-profit entity and, as such, will not be under the governance of the County, nor will money raised by the Foundation belong to the library or the County. This is typical of foundations both in general and in Contra Costa County. For example, the Contra Costa Regional Health Foundation operates separately from County Government and so does the Alameda County Library Foundation. However, the foundation organizing committee encourages suggestions from the Board of Supervisors on formation elements including:

- number of directors (usually a range)
- criteria for selection of initial and future board members (e.g., geographic, ex-officio, voting/non-voting, stakeholder or socio-economic designations)
- potential initial board members
- potential community partners, and
- future projects of interest.

Recommendation(s)/Next Step(s):

RECEIVE status report on the proposed utilization of Measure X funds in the amount of \$50,000 for the establishment of a countywide library foundation and CONSIDER providing direction on foundation formation.

Fiscal Impact (if any):

No additional fiscal impact. The seed funding to support establishment of the Library Foundation of Contra Costa was previously allocated by the Board of Supervisors from Measure X local sales tax funds.

Contra Costa County Library Foundation: \$50,000 (One-time)

In early 2021, the county librarian brought together an informal group of library supporters so that they could begin the work of establishing a countywide library foundation. Once established, the goal of the Contra Costa Library Foundation will be to secure additional funding for the library in order to further support its strategic priorities. Foundation funding will enhance public revenue and will be used to address opportunity and equity gaps in services, programs, and facilities; and provide funds for services that cannot be attained through existing revenue sources that will benefit the entirety of the county's residents.

The foundation will be an independent nonprofit organization that works with the community to raise funds for critically-needed programs and services delivered by the library system. The foundation's initial priorities will include raising funds for electronic resources that can be used by all county residents; strengthening the capacity of local library "Friends" groups through an affiliate program; and supporting capital projects in low-income communities.

A one-time allocation of \$50,000 in seed money will allow the Foundation Organizing Committee to:

- Enlist professional legal and financial expertise to assist with creating the foundation's fiscal and organizational structure and registration as a CA 501(c)(3) nonprofit organization
- Create a website presence and fund online hosting costs associated with a website

Contra Costa County is the only library system in the Bay Area without a county-wide foundation. \$50,000 in seed funding would signal the Board of Supervisors' endorsement for its creation and in so doing, would provide a powerful lever to attract strong board leadership and private funds for ongoing support and program development.

Attached is the \$300,000 proposal submitted by the Contra Costa Library Foundation Organizing Committee.

Recommendation

A one-time allocation of \$50,000 is recommended to support the establishment of the Foundation.

Comment for Internal Operations Committee, 6/16/2022, Agenda Item 5

My name is Susan Hildreth and am a member of the Organizing Committee for the Library Foundation of Contra Costa (LFCC). I am also a member of the Contra Costa County Library Commission representing Supervisorial District 2. I would like to thank Supervisor Candace Andersen for appointing me to the Commission. I am sending this comment as I do not believe I will be able to attend the June 16th meeting. I am strongly in support of the creation of the LFCC and appreciate the support from the Board of Supervisors through the allocation of \$50,000 in Measure X funding. I believe that the LFCC can address the inequities in library funding in Contra Costa County, support capital projects in communities that do not have established or robust library support groups and provide county-wide services and programs that will benefit all library users. As a former California State Librarian (2004-2009), I am committed to providing equitable library services to all residents of Contra Costa County; and the LFCCC can help our communities achieve this goal. Thank you for your consideration. Susan Hildreth
