**Subject:** Measure X Advisory Board Topic

Good morning Lisa,

It has been brought to my attention that there is an Advisory Board meeting on Monday January 31 regarding Measure X.

I would very much like to know how the funds from Measure X will be helping Contra Costa Animal Services. Surgeries, staff, and basic needs are not being met there, and it's causing a tremendous strain on the local non profits and/or individuals. The only ones that suffer from these cuts are the animals.

Funding must be allocated to help!

Best,

Erica Fraga
