BACKGROUND: (CONT'D)

and assessment to determine if the request met the criteria established to restrict the public parking space to only those with disabilities. The assessment resulted in Public Works staff preparing and sending letters to adjacent neighbors to determine if support for this parking designation existed. Subsequently, Public Works Staff received returned letters from both adjacent neighbors indicating support for the designation of a disabled place on the public roadway, as requested. Therefore, Public Works Traffic Engineering recommends restricting parking to only those with disabilities as requested by the resident.

CONSEQUENCE OF NEGATIVE ACTION:

Parking will remain unrestricted at this location.
