

**Contra
Costa
County**

To: Board of Supervisors
From: Brian M. Balbas, Public Works Director/Chief Engineer
Date: July 12, 2022

Subject: Consulting Services Agreement with Quincy Engineering Incorporated, Alamo area.

RECOMMENDATION(S):

APPROVE and AUTHORIZE the Public Works Director, or designee, to execute a Consulting Services Agreement (contract) with Quincy Engineering, Incorporated, in an amount not to exceed \$606,288, for the period July 12, 2022, through June 30, 2024, to provide construction management services for the Danville Boulevard-Orchard Court Complete Streets Improvements Project, Alamo area. (Project No. 0662-6R4128; Federal Project No. HSIPL-5928(140)) (District II).

FISCAL IMPACT:

Work performed under this contract will be funded by 66% Highway Safety Improvement Program Grant Funds, 33% Measure J Funds, and 1% Local Road Funds.

BACKGROUND:

The project will construct complete street improvements at the Danville Boulevard/Orchard Court intersection in Alamo. The project will include a roundabout curb extensions, curb ramps, and entry medians at the roundabout to reduce vehicle speeds and improve

BACKGROUND: (CONT'D)

crossings. Sidewalks will be reconstructed through the corridor along with curb extensions and curb ramps in order to meet ADA requirements and accommodate existing mature trees in the sidewalk. The project includes a slurry seal, restriping of the roadway, and lane reconfiguration, as well as storm drain modifications, landscaping, stormwater treatment areas, signage, utility adjustments, and relocation of existing roadside features.

Quincy Engineering, Incorporated was selected to provide construction management services for the project after completing a request for proposal solicitation and technical proposal process. Public Works has successfully negotiated with Quincy Engineering, Incorporated to provide the construction management services.

CONSEQUENCE OF NEGATIVE ACTION:

Without approval from the Board of Supervisors, this Consulting Services Agreement will not be in effect. A delay in construction of the Project will occur, ultimately delaying the completion of the Project. Project delay may also result in substantial additional project costs and jeopardize the funding.
