## BACKGROUND:

Revenues from the CSA EM-1 assessments are used to provide an enhanced countywide emergency medical service system as approved by the voters with the passage of Measure H in November 1988. Enhanced EMS services include additional staffed paramedic units to respond to 9-1-1 calls; support for firefighter EMS first responder programs, EMS communications, and miscellaneous EMS enhancements.

The basic assessment rates proposed are \$3.94 per single-family residence or benefit unit for Zone A (San Ramon Valley) and \$10.00 per single-family residence or benefit unit for Zone B (balance of county). The lower rate for Zone A reflects the fact that certain EMS enhancements are funded by other revenue sources in the San Ramon Valley area. The proposed FY 2015/2016 rates are unchanged from the previous year.

After confirmation of the Tentative Report, a Final Report will be prepared in conformance with the official assessment roll for Fiscal Year 2015/2016. The Final Report will then be presented to the Board of Supervisors for confirmation. That confirmation will constitute the levy of the assessment.

## CONSEQUENCE OF NEGATIVE ACTION:

Failure to set the CSA EM-1 assessment rates prior to August 10, 2015, may result in the EM-1 assessments not being included in the property tax bills countywide.

## CHILDREN'S IMPACT STATEMENT:

Not applicable.
