BACKGROUND: (CONT'D)

residents of Concord have higher rates of bicycle injuries than other cities their size in California. The Monument Community Partnership (MCP) has led the effort to establish local policies and programs to combat these conditions through community engagement and events, health education, and urban planning/community development.

Approval of the Grant Award Agreement #28-350-1 will provide funding to the Public Health Monument HEAL Zone Collaborative Project, through December 31, 2015. This agreement includes mutual indemnification.

CONSEQUENCE OF NEGATIVE ACTION:

If this Agreement is not approved, the County's Public Health Division will not receive funding for its HEAL Zone Collaborative Project.
