BACKGROUND: (CONT'D)

communities in California. The Nurse-Family Partnership Project represents a highly refined approach to the long-established service strategy of home visiting. Starting at or before the 28th week of pregnancy, clients are visited at home, one-on-one with a trained nurse, visits continue throughout the pregnancy and the first two years of the child's life. The goal of the County's Public Health, Family and Maternal Child Health Program will be to empower first time mothers living in poverty to successfully change their lives and the lives of their children through evidence-based nurse home visiting, through June 30, 2019.

CONSEQUENCE OF NEGATIVE ACTION:

If this contract is not approved, the County will not receive the funding necessary to support the goals of the Nurse-Family Partnership Project, home visiting program.
