

**Contra
Costa
County**

To: Contra Costa County Flood Control District Board of Supervisors
 From: Julia R. Bueren, Public Works Director/Chief Engineer
 Date: July 21, 2015

Subject: Interagency Agreement with Contra Costa Resource Conservation District, Walnut Creek area. (100% Flood Control Zone 3B Funds) Project No. 7520-6B8379

RECOMMENDATION(S):

APPROVE and AUTHORIZE the Chief Engineer, Contra Costa County Flood Control & Water Conservation District (FC District), or designee, to execute an interagency agreement (Agreement) with Contra Costa Resource Conservation District (CCRCD), in an amount not to exceed \$150,000, to provide watershed coordination services to the Walnut Creek Watershed Council for the period of August 1, 2014 to July 7, 2017.

FISCAL IMPACT:

The CCRCD Agreement will be paid for with Flood Control Zone 3B funds.

BACKGROUND:

The FC District and the CCRCD share an interest in developing a sustainable model for the Contra Costa County watershed stewardship. The FC District's 50-year watershed plan sets forth a vision to implement flood protection within Contra Costa County's watersheds. CCRCD is well-positioned to assist the FC District with watershed stewardship services.

The Walnut Creek Watershed Council (Council) is a collaborative interagency stakeholder group, established in 2012 to develop a vision for watershed enhancement and stewardship

in the Walnut Creek Watershed. The Council is currently working to build consensus around a common vision for watershed stewardship and a process for prioritizing

BACKGROUND: (CONT'D)

restoration projects. The FC District's goal of developing a sustainable stewardship model for the Contra Costa County watershed will be furthered through CCRCDD providing services to the Council pursuant to this CCRCDD Agreement.

CONSEQUENCE OF NEGATIVE ACTION:

Without the approval of the Board of Supervisors, the FC District will be unable to develop a sustainable stewardship model for the Walnut Creek Watershed.
