BACKGROUND: (CONT'D)

The State Homeland Security Program (SHSP) supports the implementation of risk driven, capabilities-based State Homeland Security Strategies to address capability targets set in Urban Area, State, and regional Threat and Hazard Identification and Risk Assessments (THIRAs). The capability targets are established during the THIRA process, and assessed in the State Preparedness Report (SPR) and inform planning, organization, equipment, training, and exercise needs to prevent, protect against, mitigate, respond to, and recover from acts of terrorism and other catastrophic events.

The Contra Costa County Office of the Sheriff was awarded a FY14 SHSP grant. A portion of those funds will be used by the Contra Costa County Fire Protection District to purchase fifteen (15) EBRCS-compatible dual band radios and accessories. There are no County or District matching funds required.

CONSEQUENCE OF NEGATIVE ACTION:

The District will not be able to take advantage of this funding opportunity to replenish its cache of EBRCS-compatible portable radios.

CHILDREN'S IMPACT STATEMENT:
