accept or decline approval of the application. The California Department of Health Care Services (DHCS) anticipates notifying lead entities of application approval no later than October 24, 2016, and recommends that lead entities obtain delegation authority for signature from the governing board/board of supervisors prior to that date.

DHCS will provide the WPC agreement with the approval letter. The approved WPC pilot application will become the agreement between DHCS and the WPC lead entity with supplementary terms and provisions. The authorized signatory must be duly authorized in a resolution by the governing board as having authority to sign on behalf of the lead entity and designated to enter into the agreement on behalf of the lead entity.

To insure a timely response, the Department is requesting Board approval to sign the boiler plate State contract to indicate formal acceptance of the application, pending County Counsel approval.

## CONSEQUENCE OF NEGATIVE ACTION:

Failure to sign the acceptance letter within 10 calendar days will result in a net revenue loss of \$20 million annually over a five year period.
