

Contra
Costa
County

To: Board of Supervisors
From: David O. Livingston, Sheriff-Coroner
Date: April 18, 2017

Subject: Appropriation Adjustment - Vigilant Solutions, Inc. P2b Automated License Plate Readers

RECOMMENDATION(S):

APPROVE Appropriation and Revenue Adjustment No. 5066 authorizing new revenue in the amount of \$278,600 in the County Service Area (CSA) P-2B (7657) from CSA P-2B, CSA P-6, and restricted donations and appropriate it for the purchase of Automated License Plate Readers for the unincorporated Alamo area.

FISCAL IMPACT:

Funding is as follows:

Donations \$ 95,000

P2b Alamo Funds \$ 50,000

P6 Alamo/Las Trampas \$133,600

No General Fund monies will be used for this purchase.

BACKGROUND:

Beginning in September, 2015, members of the Alamo Police Services Advisory Committee (P2b), the Diablo Community Services District Board and the Roundhill District Advisory Board (P5) each requested the Contra Costa County

BACKGROUND: (CONT'D)

Office of the Sheriff research the viability of increased services. The areas are currently patrolled by the Office of the Sheriff and have increased services for which they pay from their special assessment funds.

The board members voiced concerns of increased crime rates in the central Contra Costa County corridor. The concerns were bolstered by several articles posted in local news media, referring to a dramatic increase in residential burglaries, specifically in the Danville and San Ramon areas. A review of actual crime statistics in the greater Alamo area did not show a significant increase in reported crimes over the last several years. However, there was an increase in property crime and residential burglaries specifically in the Contra Costa County central 680 corridor.

Based on reviews of the options available, the potential benefits, current policy and impact to the Sheriff's Office personnel involved, the district board members agreed the implementation of stationary ALPR cameras would best benefit the greater Alamo area to help prevent crime and increase the solvability of cases.

Vigilant Solutions ALPR camera systems provide both the preventative and investigative value needed in the Alamo area. The cameras are the same type as utilized in the vehicular mobile application already employed in the Sheriff's Patrol environment.

CONSEQUENCE OF NEGATIVE ACTION:

ALPR cameras will not be purchased and there will be no additional measures in place to deter and solve crime.

CHILDREN'S IMPACT STATEMENT:

No impact.
