left turn pockets on three legs of the intersection, installing storm drain improvements and the installation of guardrails, sidewalk and ADA compliant curb ramps to current standards, including installing a new traffic signal at the intersection and improving the existing signage and warning devices at the railroad crossing on Camino Diablo and updating the roadway signing and striping.

WSP USA, Inc., was selected to provide construction management services for the project after completing a request for qualifications solicitation, interview and technical proposal process. Public Works has successfully negotiated with WSP USA, Inc., to provide the construction management services.

CONSEQUENCE OF NEGATIVE ACTION:

Without Board of Supervisors' approval, this Consulting Services Agreement will not be in effect. A delay in the construction of the Byron Highway and Camino Diablo Intersection Improvements Project will occur, ultimately delaying the completion of the project. Project delay may also result in substantial additional project costs and jeopardize the funding.
