FISCAL IMPACT:

Estimated Project cost: \$5,772,000. 75% One Bay Area Grant – Local Streets and Roads Preservation (OBAG-LSRP), 25% Gas Tax Funds.

BACKGROUND:

The purpose of this Project is to conduct pavement preservation on portions of El Portal Drive, San Pablo Dam Road, and Vasco Road. These roads represent approximately 10.8 miles of arterials in Contra Costa County. Preventative maintenance and pavement rehabilitation will prevent further deterioration of the roadway and improve the current pavement condition index (PCI). The project consists of grinding of existing pavement, base failure repairs, pavement failure repairs, pavement preparation, utility adjustments, drainage adjustments, replacement of pavement markings and pavement striping, and replacement of traffic signal loops.

CONSEQUENCE OF NEGATIVE ACTION:

Delay in approving the project may result in a delay of design, construction, and may jeopardize funding.
