BACKGROUND: (CONT'D)

Approval of Amendment #24-429-64 will allow the contractor to increase the rates under the Drug Medi-Cal Organized Delivery Service (DMC-ODS) waiver, which have been significantly low for residential facilities than initially anticipated. Department of Health Care Services (DHCS) approved the rate increase on May 28, 2018 to be retroactive to July 1, 2017.

CHILDREN'S IMPACT STATEMENT:

This Alcohol and Drug Abuse program supports the Board of Supervisors' "Families that are Safe, Stable, and Nurturing" community outcome by providing parenting education, stability, and safety for mothers (and their children) and pregnant women who are alcohol and drug dependent, while they are in substance abuse treatment. Expected outcomes include delivery of drug-free babies, decreased use of alcohol, tobacco and other drugs, reduction in the number of relapses, and creation of a sober social network.
