

**Contra
Costa
County**

To: Board of Supervisors
From: Kathy Gallagher, Employment & Human Services
Date: September 11, 2018

Subject: 2018-2020 Low Income Home Energy Assistance Program funding

RECOMMENDATION(S):

APPROVE and AUTHORIZE the Employment & Human Services Director, or designee, to execute a contract, including modified indemnification language, with the California Department of Community Services and Development to pay the County an amount not to exceed \$1,906,289 for Low Income Home Energy Assistance Programs for the period October 1, 2018 through June 30, 2020.

FISCAL IMPACT:

This grant is 100% funded with federal dollars passed through California Department of Community Services and Development. The CFDA number is 93.568; no county match required.

The state agreement number is 19B-5005; county agreement number is 39-806-39.

BACKGROUND:

Contra Costa County has received funding from the State Department of Community Services and Development for 25 years wherein the County provides energy bill assistance payments and weatherization services to county residents who are income-eligible to receive said services. The funding sources include Low Income Home

BACKGROUND: (CONT'D)

Energy Assistance Program (LIHEAP), the Energy Crisis Intervention Program (ECIP), and the Department of Energy (DOE), the Low Income Weatherization Program (ILIWP) and the Toilet Retrofit Program (TRP).

The Employment & Human Services Department (EHSD) partners with the county Department of Conservation and Development to provide energy saving home improvements to low-income families throughout unincorporated Contra Costa County, as well as the County's nineteen cities.

The energy savings measures may provide homes with hot water heaters, furnaces, refrigerators, microwaves, doors, windows, fluorescent light bulbs, weather stripping, ceiling fans, and attic insulation. Homes receive a blower door test (a diagnostic tool to locate and correct air infiltration), and homes with gas appliances receive a combustion appliance safety test that checks for carbon monoxide gas leakage. Homes with gas appliances are provided with a carbon monoxide alarm.

This funding also includes the Home Energy Assistance Program (HEAP) where residents of the County can qualify for a credit on their energy bills.

Both programs use income based eligibility. The income levels are based on the Federal Fiscal Year 2017 Poverty Guidelines. Once eligibility is determined, clients with no hot water, no heat, or are in danger of having their power shut off are served as emergencies. Service is then based on clients with the lowest income, highest energy burden and families with at least one resident who is considered vulnerable population.

CONSEQUENCE OF NEGATIVE ACTION:

If not approved, County may not receive funding to operate LIHEAP.

CHILDREN'S IMPACT STATEMENT:

The Employment & Human Services Department, Community Services Bureau energy program supports one Contra Costa County community outcome - Outcome #4: "Families that are Safe, Stable and Nurturing." This outcome is supported by the provision of home energy assistance to keep households warm in winter and to increase household energy efficiency.
