BACKGROUND: (CONT'D)

through June 30, 2018. Due to the late submission of the 2017-18 cost report caused by the implementation of the Drug Medi-Cal Waiver, the request for an amendment to increase the payment limit by \$13,666 was delayed and the contract expired before the amendment was processed.

Bay Area Community Resources, Inc. continued to provide substance abuse prevention and treatment services to adults in West Contra Costa County. Behavioral Health Services Division Administration has therefore determined that Bay Area Community Resources is entitled to payment for the reasonable value of their services under the equitable relief theory of quantum meruit. That theory provides that where a person has been asked to provide services without a valid contract, and the provider does so to the benefit of the recipient, the provider is entitled to recover the reasonable value of those services.

CONSEQUENCE OF NEGATIVE ACTION:

Bay Area Community Resources, Inc. will not be paid for substance abuse prevention and treatment services rendered in good faith to adults in West County.
