BACKGROUND: (CONT'D)

order will procure the required software upgrade and maintenance services through December 31, 2021. The Terms of Use Agreement requires the County to indemnify RL Solutions against claims arising from County's misuse of the licensed products.

CONSEQUENCE OF NEGATIVE ACTION:

Without this upgrade, the Contra Costa Regional Medical Center and Health Centers would be non-compliant with current adverse reporting requirements and could be exposed to financial penalties if audited by the Department of Health Care Services.
