

**Contra  
Costa  
County**

To: Board of Supervisors  
From: Brian M. Balbas, Public Works Director/Chief Engineer  
Date: May 7, 2019

Subject: APPROVE and AUTHORIZE a Right of Entry and Temporary Work Area Easement in connection to the Grayson Creek Levee Repair Project, Martinez area.

**RECOMMENDATION(S):**

As the governing body of the Contra Costa County Flood Control and Water Conservation District (District):

APPROVE and AUTHORIZE the Chief Engineer, or designee, to execute on behalf of the District, a Right of Entry from the Contra Costa County Sanitary District (CCSD) to the District, and a Temporary Work Area Easement (TWAE) in connection to the Grayson Creek Levee Repair Project in the Martinez area. (Project No. 7520-6B8315)

**FISCAL IMPACT:**

83% Federal Emergency Readiness and Responses Funds and 17% Flood Control Zone 3B Funds

### BACKGROUND:

The District in conjunction with the US Army Corp of Engineers will be doing and funding an emergency repair project that will include the reconstruction and raising of the existing levee and bank repairs along Grayson Creek in the Martinez area. The proposed alternative generally includes installation of a 4' thick rock blanket to stabilize the table toe. All construction near this site must be staged in order to allow for the gradual consolidation/settlement of the Bay Mud which underlays the site. See exhibit "A" attached to the TWAE for repair site and area included.

### CONSEQUENCE OF NEGATIVE ACTION:

The US Army Corp of Engineers and the District will not have sufficient land rights to access the construction site and to complete the project.
