FISCAL IMPACT: (CONT'D)

multiplying the \$220.80 per transport uplift for Medi-Cal fee-for-service and Medi-Cal managed care transports less the \$25.23 QAF the District has to pay on all transports.

The net revenue estimate (uplift less QAF) for the District for 2019 is \$2 million under the current funding and fee parameters.

BACKGROUND:

The Centers for Medicare and Medicaid Services approved State Plan Amendment 18-004 authorizing the GEMT/QAF program in March 2019. The Quality Assurance Fee (QAF) is an add-on fee used to increase Medi-Cal funding. Essentially, emergency medical transportation providers in California must pay this fee on all transports, and in return, providers will receive an uplift that increases the Medi-Cal reimbursement base rate for Medi-Cal fee-for-service and managed care recipients.

This request is for 2019 quarter one (January-March 2019). The payment is due on or before **July 1, 2019**. State program representatives indicated there would be no exceptions and late fees may be assessed by the State for payments not received by the due date.

CONSEQUENCE OF NEGATIVE ACTION:

The QAF payment is mandatory for all providers (public and private) within the State. If not paid, the State can assess late payment penalties and withhold provider payments for ambulance services provided to Medi-Cal recipients.
