## BACKGROUND: (CONT'D)

stops at these locations on Willow Pass Road.

In a letter dated May 10, 2019, The Eastern Contra Costa Transit Authority (ECCTA or Tri Delta Transit) requested the Public Works Department extend the existing red curbs (as adopted in 2011) at their bus stops on both sides of Willow Pass Road (Road No. 4885) to allow better ingress/egress from the travelled way to the bus stops. The Chief Operating Officer indicated parked cars in close vicinity were limiting the ability of Tri Delta busses from accessing the bus stops.

The west side of Willow Pass Road (where a bus stop is located) currently features a designated bicycle lane that extends a distance of 180 feet. The California Vehicle Code (CVC) Sections 21207, 22507 and 21211 restrict the stopping, parking, or standing of vehicles at all times within a bike lane, regardless of any red curb marking. Although parking through this entire zone is already prohibited due to the bike lane markings, this resolution, when adopted, will reinforce those CVC provisions. Similarly, based on the ECCTA request, the Public Works Department Traffic Section recommends extending the existing limits of prohibited parking by an additional 40 feet on the east side of Willow Pass Road to improve bus access to the existing bus stop.

## CONSEQUENCE OF NEGATIVE ACTION:

Parking will remain restricted based on Traffic Resolution No. 4345.
