BACKGROUND: (CONT'D)

Calli House Youth Shelter and Concord Homeless Shelter. Data from the California Opioid Overdose Surveillance Dashboard show that areas of West and East Contra Costa, including Richmond, Pittsburg and Antioch, have some of the highest rates of opioid overdose deaths for all ages in the county, indicating that misuse of opioids and OUD is an issue in these areas. Because most adults with OUD started using opioids before age 25, misuse of opioids and OUD among youth and young adults in these areas is a concern.

Approval of Grant Agreement #28-900-1 with allow County to receive funds for prevention screening, intervention, and treatment services for youth to reduce OUD through August 31, 2020. The County is agreeing to indemnify and hold harmless the Contractor for claims arising out of County's performance under this Contract.

CONSEQUENCE OF NEGATIVE ACTION:

If this agreement is not approved, County will not receive funds to reduce opioid use disorder and opioid overdose among youth in East and West Contra Costa County.
