

**Contra
Costa
County**

To: Contra Costa County Fire Protection District Board of Directors
 From: Lewis T. Broschard III, Chief, Contra Costa Fire Protection District
 Date: November 5, 2019

Subject: FY 20 Urban Area Security Initiative Grant - Search Cameras

RECOMMENDATION(S):

APPROVE and AUTHORIZE the Fire Chief, or designee, to apply for and accept grant funding from the Federal Emergency Management Agency, U.S. Department of Homeland Security, Urban Area Security Initiative (UASI) Grants Program in an amount not to exceed \$41,000 for the purchase of two search cameras.

FISCAL IMPACT:

The Contra Costa County Fire Protection District (District) could receive up to \$41,000 in federal funds if awarded. There is no local agency cost sharing requirement. The grant award may be lower than the amount requested.

BACKGROUND:

The UASI Program assists high-threat, high-density urban areas in efforts to build and sustain the capabilities necessary to prevent, protect against, mitigate, respond to, and

recover from acts of terrorism. The UASI program is intended to provide financial assistance

BACKGROUND: (CONT'D)

to address the unique multi-discipline planning, organization, equipment, training, and exercise needs of high-threat, high-density urban areas and to assist these areas in building and sustaining capabilities to prevent, protect against, mitigate, respond to, and recover from threats or acts of terrorism using a "Whole Community" approach. Activities implemented with UASI funds must support terrorism preparedness by building or enhancing capabilities that relate to the prevention of, protection from, mitigation of, response to or recovery from terrorism in order to be considered eligible. However, many capabilities which support terrorism preparedness simultaneously support preparedness for other hazards. Grantees must demonstrate the dual-use quality for any activities implemented that are not explicitly focused on terrorism preparedness. Urban areas must use UASI funds to employ regional approaches to overall preparedness and are encouraged to adopt regional response structures whenever appropriate. UASI program implementation and governance must include regional partners and should have balanced representation among entities with operational responsibilities for prevention, protection, mitigation, response, and recovery activities within the region.

The District is seeking approval to apply for the UASI grant to purchase two (2) search cameras. The cameras have the ability to view 360 degrees, to be used during collapse rescue operations to assist in finding trapped victims. The purchase will be for two quick search kits and two larger USAR kits that have more options. These devices will be placed on the current rescue apparatus that we have to achieve a higher typing with the state Office of Emergency Services (OES). These tools will help us to qualify for Type 1 heavy rescue qualification.
