BACKGROUND: (CONT'D)

Inc., to increase the payment limit by \$400,000 to a new payment limit of \$900,000, and to extend the term to October 13, 2019 with a one-year extension option, for as-needed architectural services, Countywide.

On October 22, 2019 the Board of Supervisors approved Amendment No. 2 that extended the term to December 31, 2020 with no change to the pay limit. Public Works Department requests to amend the approved board order to extend the term from October 13, 2019 to October 13, 2020, and to increase the payment limit by \$100,000 to a new payment limit of \$1,000,000 to continue to provide on-call architectural services for various facilities projects, Countywide.

It is necessary to provide architectural services and the additional costs associated with the completion of ongoing projects but the Contract limit of \$900,000 has nearly been reached therefore, this board order is to increase the payment limit by \$100,000 to a new payment limit of \$1,000,000.

Interactive Resources, Inc. is familiar with these active projects, and the design and construction of typical building type of County facilities; therefore, it is recommended that the contract amendment be awarded.

Additional fees will be used for the existing and additional projects which include remodels, tenant improvements, additions, modernization, mechanical, electrical, and plumbing upgrades, and code-related improvements. Projects may also include investigations, studies, and reports. Some of the anticipated projects include those identified in the County's facilities life-cycle improvement program ("FLIP") under the recent budget allocation for capital projects and deferred maintenance. Having this on-call agreement in place will allow the design phase to commence sooner and provide for a shorter project completion schedule.

CONSEQUENCE OF NEGATIVE ACTION:

If this amendment is not approved, projects currently in process will be delayed, which will ultimately result in higher project costs.
