unanticipated increase in the need for psychiatric services during the contract term and the contract payment limit was exceeded.

BACKGROUND: (CONT'D)

As requested by the County, John Muir Behavioral Health Center provided additional inpatient psychiatric treatment services in good faith. Behavioral Health Services Division Administration has therefore determined that John Muir Behavioral Health Center is entitled to payment for the reasonable value of their services under the equitable relief theory of quantum meruit. That theory provides that where a person has been asked to provide services without a valid contract, and the provider does so to the benefit of the recipient, the provider is entitled to recover reasonable value of those services.

CONSEQUENCE OF NEGATIVE ACTION:

John Muir Behavioral Health Center will not be paid for psychiatric treatment services rendered in good faith.
