BACKGROUND:

The City requires a variety of right of way services related to the Sacramento Bridge Replacement Project, but has no right of way staff and has contracted with the County for these services. On July 24, 2018, the Board approved the original agreement between the County and City and Amendment No. 1 on July 23, 2019. The parties now wish to extend the term and increase the payment limit to cover costs for additional right of way services required in order to extend the already acquired rights and updating the certification of the project with Caltrans.

CONSEQUENCE OF NEGATIVE ACTION:

The City will not be able to contract for the County's right of way services.
