BACKGROUND: (CONT'D)

Therefore, the County has determined that Cardionet, LLC is entitled to payment for the reasonable value of their services under the equitable relief theory of quantum meruit. That theory provides that where a person has been asked to provide services without a valid contract, and the provider does so to the benefit of the recipient, the provider is entitled to recover the reasonable value of those services.

CONSEQUENCE OF NEGATIVE ACTION:

If this request is not approved, Cardionet, LLC will not be paid for services provided at CCRMC outside of the contract payment limit rendered in good faith.
