phase of implementation to implement the Lethality Assessment Program (LAP).

The primary purpose of the Project is to implement and measure the effectiveness of the LAP, with the objective of reducing domestic violence homicides and near homicides. The Project will build the capacity of the County to improve identification of and services for high-risk victims, while better monitoring high-risk offenders to reduce domestic violence-related homicide. This Project will document and disseminate solutions for replication across the country. The County is engaging the University of California, San Francisco (UCSF) to assist in carrying out activities consistent with the requirements of this OVW-funded Project, including required evaluations and participation in OVW-sponsored technical, research, data collection, and reporting.

The 2019-2020 agreement was approved by the board on March 10, 2020 (c.59) for the term October 1, 2019 through June 30, 2020. This agreement has a start date of October 1, 2019 because UCSF completed additional work during that time frame that was not included in the original agreement. Thus, this new agreement covers the additional work completed between October 1, 2019 and June 30, 2020 as well as the work for the 2020-2021 term. This Agreement includes a mutual indemnification provision and modified copyright language granting UCSF rights over materials it produces.

CONSEQUENCE OF NEGATIVE ACTION:

Contra Costa County will not meet the grant requirements of the Domestic Violence Homicide Prevention Demonstration Initiative.

CHILDREN'S IMPACT STATEMENT:

The services provided under this Interagency Agreement support four of five of Contra Costa County's community outcomes: (1) "Children Ready for and Succeeding in School"; (2) "Children and Youth Healthy and Preparing for Productive Adulthood"; (4) "Families that are Safe, Stable and Nurturing"; and (5) "Communities that are Safe and Provide a High Quality of Life for Children and Families" by identifying improvements to County-wide services for victims at risk of domestic violence-related homicide.
