SLAI OF

Contra Costa County

To: Board of Supervisors

From: John Kopchik, Director, Conservation & Development Department

Date: December 15, 2020

Subject: Contract Amendment with Environmental Science Associates for Environmental Review for Keller Canyon

Landfill Land Use Permit Amendment

RECOMMENDATION(S):

APPROVE and AUTHORIZE the Conservation and Development Director, or designee, to execute a contract amendment with Environmental Science Associates, Inc., to extend the term from December 31, 2020 through December 31, 2022 with no change to the payment limit of \$402,588, to complete the Environmental Impact Report (EIR) for the Keller Canyon Landfill land use permit amendment.

FISCAL IMPACT:

There is no impact to the General Fund. The cost for preparing the EIR is charged to the project applicant (100% land use permit fees).

BACKGROUND:

The Department of Conservation and Development (DCD) is the lead agency responsible for conducting the environmental review of the proposed Keller Canyon Landfill (KCL) land use permit amendment. DCD determined that the proposed land use permit amendment (Project) warrants preparation of a Subsequent EIR pursuant to the requirements of the California Environmental Quality Act (CEQA). DCD retained Environmental Science Associates, Inc. (ESA) to prepare the EIR for this Project. The existing contract will expire

on December 31, 2020, however it is not possible for the work to be completed within the existing time frame due to: (1) the Applicant's request that work on the EIR be placed on hold pending completion of the on-going land use permit review process, (2) potential changes to the scope of the project being

BACKGROUND: (CONT'D)

considered by the landfill operator which, if formally proposed, may necessitate circulation of a new Notice of Preparation, and (3) updated studies potentially being necessary to assess impacts to certain environmental resources. ESA is best suited to complete the EIR for this Project and therefore, DCD is requesting authorization to amend the contract with ESA.

No further changes are proposed to the be made to the existing modified indemnification provision of the General Conditions (paragraph 18) applicable to this contract. The contractor will continue to be required to indemnify the County.

CONSEQUENCE OF NEGATIVE ACTION:

DCD will be unable to complete the EIR for the KCL land use permit amendment that has been partially prepared by ESA. The land use permit amendment process would be delayed in order for DCD staff to prepare a new proposal to enlist a consultant to finish the EIR.
