

**Contra
Costa
County**

To: Board of Supervisors
From: David O. Livingston, Sheriff-Coroner
Date: April 20, 2021

Subject: Gemalto Cogent Inc. Mobile ID Name Change

RECOMMENDATION(S):

APPROVE and AUTHORIZE the Sheriff-Coroner, or designee, to execute an Assignment and Assumption of Contract and Consent and Amendment with Gemalto Cogent, Inc. and Thales DIS USA, Inc. assigning the contract from Gemalto Cogent, Inc. to Thales DIS USA, Inc. effective September 30, 2020, and extending the term of the contract to December 31, 2022.

FISCAL IMPACT:

There is no additional fiscal impact from this action.

BACKGROUND:

The California Identification System (Cal-ID) is the automated system maintained by the California Department of Justice (DOJ) for retaining fingerprint files and identifying latent fingerprints. Cal-ID funds are collected from the fees from each vehicle registered - two dollars for non-commercial vehicles and four dollars from commercial vehicles - and are used to fund programs that enhance the capacity of the state and local law enforcement to provide mobile Automated

BACKGROUND: (CONT'D)

Fingerprint Identification Systems (AFIS) that allow identification of individuals involved in motor vehicle crimes.

The California Department of Justice has established the Remote Access Network (RAN), which is a uniform statewide network of equipment and procedures allowing local law enforcement agencies direct access to the Cal-ID System. The Contra Costa County local RAN board determines the placement of RAN equipment within the County, and coordinates the acceptance, delivery, and installation of RAN equipment. Acting as the local RAN board, mobile fingerprint identification hardware has been distributed to local law enforcement agencies within the County pursuant to the criteria specified in the Penal Code.

Under the County's contract with Gemalto Cogent, Inc., additional mobile fingerprint devices, software, implementation services, and software support services provided to the County so it can connect to the Cal-ID system while in the field.

The Thales DIS USA, Inc. Mobile Identification (Mobile ID) solution provides a system that manages the transactions of mobile fingerprint captures from the field. The system will manage searches of the local Automated Fingerprint Identification System (AFIS) as well as the California Department of Justice's (Cal-DOJ) AFIS and Federal Bureau of Investigation's (FBI) Repository for Individuals of Special Concern (RISC) databases. The mobile identification devices and software bring the power of a full-scale AFIS to officers' hands while in the field for all agencies within Contra Costa, to provide fast, accurate identity verification, arrest records, and warrant information on subjects contacted in the field. On September 30, 2020, Gemalto Cogent, Inc. was merged into Thales DIS USA, Inc. The Assignment and Assumption of Contract and Consent and Amendment amount Gemalto Cogent, Inc., Thales DIS USA, INC., and the County provides for the assignment of the County contract from Gemalto to Thales, and the County's consent thereto, as well as an extension of the contract to December 31, 2022, which is necessary for the continuation of services. The Department of Justice is implementing the same project and it needs to be completed before the County's project.

CONSEQUENCE OF NEGATIVE ACTION:

If the Office of the Sheriff is not allowed to extend the contract term the project will not be maintained.
