terms with another entity. Unfortunately, the other entity was unable to proceed with its proposed development and they withdrew its development

BACKGROUND: (CONT'D)

interest on December 21, 2020.

On January 14, 2021, the Airport Division of the Contra Costa County Public Works Department received a letter of interest from Mark Scott Construction, Inc. to lease and develop the property for aviation use.

In accordance with the Airport Division's standard, the Airport Division solicited for competitive interest in developing the parcel prior to making a developer selection. This solicitation of competitive interest was transmitted to the current commercial tenants of both County airports and to those persons who have asked to be included on a list of developers interested in developing land at either of the County airports. The County did not receive any other letters of interest to develop this property.

Consistent with the master developer selection process that was approved by the Board of Supervisors on May 23, 2006, projects without a competitive interest are to proceed with the traditional environmental review and lease development processes. The aviation development project will be presented to the Aviation Advisory Committee, the Airport Committee, and any other stakeholder to enhance community relations and collaborative relationships.

Negotiation of lease terms would expand economic activity, provide additional revenues to the Airport Enterprise Fund, and expand aviation-related facilities and services at Buchanan Field Airport. A business proposal must be consistent with the Airport Master Plan and General Plan for consideration. The proposed aviation development is consistent with the Buchanan Field Airport Master Plan and General Plan.

Unless and until a final lease agreement is fully executed by all parties, this Board Order, any draft lease agreement, other communications or conduct of the parties shall have absolutely no legal effect, may not be used to impose any legally binding obligation on the County and may not be used as evidence of any oral or implied agreement between the parties or as evidence of the terms and conditions of any implied agreement.

CONSEQUENCE OF NEGATIVE ACTION:

Delay in initiating the developer selection process will result in a delay of developing vacant land at Buchanan Field Airport and may negatively impact the Airport Enterprise Fund and County General Fund.
