patients from CCRMC during the period July 1, 2020 through June 30, 2021.

BACKGROUND: (CONT'D)

Services were requested and provided beyond the payment limit of the contract. At the end of the contract period, charges of \$13,496 were unpaid pursuant to the contract payment limit. The additional services were provided in June 2021.

All of the requested excess services were rendered before the Department was aware that the contract limits had been reached. Therefore, the County has determined that God's Grace Caring Home, Inc. is entitled to payment for the reasonable value of their services under the equitable relief theory of quantum meruit. That theory provides that where a person has been asked to provide services without a valid contract, and the provider does so to the benefit of the recipient, the provider is entitled to recover the reasonable value of those services.

CONSEQUENCE OF NEGATIVE ACTION:

If this request is not approved, God's Grace Caring Home, Inc. will not be paid for services provided to CCRMC patients and rendered in good faith.
