## BACKGROUND: (CONT'D)

The goals of this Program are to improve access to health care and to enhance health outcomes for people living with HIV. The Health Services Department uses a comprehensive medical case management model to reduce HIV-related health care costs by linking HIV-infected, low-income, and uninsured/underinsured individuals to appropriate health care services. HIV-positive individuals are assisted in accessing health care coverage and entitlements, making medical appointments, and in accessing necessary HIV medications. These individuals are also provided with home health attendant care and other services as appropriate, counseled in medication adherence, and offered referrals for food and nutritional assistance, psychosocial support services and other community resources.

On January 5, 2021, the Board of Supervisors approved Contract #28-528-60 with the County of Alameda Health Care Services Agency, as the fiscal agent for Ryan White CARE Act, Title I and Minority AIDS Initiative funds, to pay County in an amount not to exceed \$1,866,269 for coordination of services to Contra Costa residents with HIV disease and their families, for the period from March 1, 2020 through February 28, 2021.

Approval of Agreement #28-528-61 will provide continued funding for coordination of services through February 28, 2022. This agreement includes mutual indemnification.

## CONSEQUENCE OF NEGATIVE ACTION:

If this agreement is not approved, the County will not receive funds to provide coordination of essential services to Contra Costa County residents with HIV disease and their families.
