population. Some of the services MWP provides are initial assessments, recommending treatment plans, developing support groups, and assisting participants with the recovery of their California Driver's License, Social Security Card and Green Cards for the re-entry population. MWP will provide participants online access and print-outs of the County's 211 information services and participant services to each of its Outpatient and Day Treatment programs after the participant is released.

CONSEQUENCE OF NEGATIVE ACTION:

A negative action would result in the incarcerated not having an improved chance to not re-offend and return to the detention facility resulting in an increased fiscal impact and continued overcrowding.
