

Contra  
Costa  
County

To: Board of Supervisors  
From: Anna Roth, Health Services Director  
Date: July 13, 2021  
Subject: Purchase Order with Qiagen, LLC

---

### **RECOMMENDATION(S):**

APPROVE and AUTHORIZE the Health Services Director, or designee, to execute a Purchase Order with Qiagen, LLC, in the amount not to exceed \$500,000 for purchase of tuberculosis diagnostic screening tests and molecular extraction kits for the Contra Costa Public Health laboratory, for the period from July 1, 2021 through June 30, 2022.

### **FISCAL IMPACT:**

Approval of this purchase order will result in annual expenditures of up to \$500,000 for FY 2021-2022 from the County's General Fund for the purchase of tuberculosis diagnostic screening tests and molecular extraction kits by the Contra Costa Public Health Laboratory.

### **BACKGROUND:**

This purchase order would decrease the number of purchase orders created throughout the year for Qiagen, LLC laboratory supplies purchased by the Contra Costa Public Health Laboratory. Additionally, it allows for increased flexibility for large purchases needed during pandemics.

Contra Costa Public Health Laboratory distributes Qiagen's Quantiferon

tuberculosis-screening collection tubes to Contra Costa County Health Services' clinics for routine screening for tuberculosis infection in patients. Contra Costa Public Health Laboratory additionally screens these patient specimens using Qiagen diagnostic test kits. Lastly, Qiagen provides molecular kits to aid in the detection of other pathogenic infectious organisms in patient samples.

CONSEQUENCE OF NEGATIVE ACTION:

If the purchase order is not approved, the Contra Costa Public Health Laboratory would need to estimate the time and need to create several smaller purchase orders throughout the year in order to maintain continuous and uninterrupted laboratory services. Delays may be expected due to purchase order processing time.

CHILDREN'S IMPACT STATEMENT:

If the purchase order is not approved, delays in testing could occur if the purchase order approval process is longer than expected.
