of infectious disease organisms as well as antibody testing. Additionally, supplies from Fisher Scientific Company have been essential for the safety and the disinfection of the laboratory environment.

CONSEQUENCE OF NEGATIVE ACTION:

If the purchase order is not approved, the Contra Costa Public Health Laboratory would need to estimate the time and need to create several smaller purchase orders throughout the year in order to maintain continuous and uninterrupted laboratory services. Delays may be expected due to purchase order processing time.

CHILDREN'S IMPACT STATEMENT:

If the purchase order is not approved, delays in testing could occur if the purchase order approval process is longer than expected.
