BACKGROUND: (CONT'D)

The purpose of this Contract is for the Contractor to provide on-going consultation, application maintenance, support, development, programming, and design services to the Office of the Sheriff, including without limitation, data warehouse enhancements configuration, data source integrations, and integration with the ARIES Total Booking and County Jail Management System (JMS). There are currently more than 9,000 users from over 104 different agencies participating in the system.

CONSEQUENCE OF NEGATIVE ACTION:

ARIES continues to improve business everyday by providing reliable important information to local law enforcement agencies. If unapproved, ARIES will not be able to continue to improve, upgrade and implement necessary configuration and integration changes. Integrated programs may be affected, and the functionality which makes ARIES the sophisticated data sharing system for more than 9,000 users will not be maintained.
