On July 1, 2021, the Health Services Department and the City of Antioch reached an agreement to extend the term of the MOA through August 31, 2021.

On August 31, 2021, the Health Services Department and the City of Antioch

BACKGROUND: (CONT'D)

reached an agreement to extend the term of the MOA through December 31, 2021.

However, it has now been determined that the need to extend the term of the MOA through June 30, 2022 is necessary, as well as changing the portion of the location's premises be made available for operation of COVID-19 related services.

The County's Health Officer has determined that accessible, timely testing and immunizations are critical to reduce transmission of the COVID-19 virus and to protect the community.

CONSEQUENCE OF NEGATIVE ACTION:

The Department will not have access to this no-cost, additional COVID-19 testing and vaccination site to accommodate County residents' COVID-19 needs.
