sustainable capacity to prevent, protect against, respond to, and recover from acts of terrorism. California is home to five of these urban areas and the U.S. Department of Homeland Security designated the City and County of San Francisco as the fiscal agent for the Bay Area Urban Area Security Initiative (UASI).

BACKGROUND: (CONT'D)

The County, as a member of the Bay Area UASI, will receive \$634,686. Funds will be used to enhance public safety capabilities of law enforcement agencies throughout the region by aggregating discrete criminal information sources into a unified platform. Without a regional system, there exists no active solution for connecting data across jurisdictions. Expand existing systems to participate in other state, regional, and national initiatives. Funding will also be used to: fund three prime movers for the Office of the Sheriff to assist with the movement of critical equipment during mutual aid deployments, search and rescue missions and other disasters; to purchase 80 Class 1 and 2 Hazmat suits for the County's four participating Hazmat teams.

As the fiscal agent for the grant, the City and County of San Francisco has developed a standard form contract for use with all Bay Area UASI partner agencies requiring full indemnification of the City and County of San Francisco. The County has agreed to previous inter-agency agreements with the City and County of San Francisco, which contained the same language, to participate in regional homeland security efforts and access important Federal funding.

CONSEQUENCE OF NEGATIVE ACTION:

If unapproved, the County will not receive its share of the 2021 UASI Grant funds, and risk management and planning for regional response capabilities will need to be funded through another source or not performed at all.
