cc:

Amendment No. 2 is necessary to continue to provide on-call inspector of record services and the additional costs associated with the completion of ongoing and new projects. Elam's Consulting & Inspection Services, Inc. is familiar with these active projects, and the design and construction of health care facilities. Therefore, it is recommended that the contract amendment be approved at this time.

CONSEQUENCE OF NEGATIVE ACTION:

Without Board approval, the Consultant will not be able to provide on-call construction management/project management services to complete necessary capital projects, which may jeopardize funding and delay design and construction of capital projects.
