return to their families as productive individuals. On June 8, 2021, the Board of Supervisors approved Contract #24-259-70 with Center for Human Development, to provide SAPT primary prevention program services, in an amount not to exceed \$624,943, for the period July 1, 2021 through June 30, 2022.

The delay was due to the resurgence of COVID-19 which has created service interruptions, productivity declines and cash flow issues with the community based behavioral health service providers. This allows the need to maintain a viable service delivery network to ensure access to needed behavioral health services with the County.

Approval of Contract Amendment Agreement #24-259-71 will allow the contractor to provide additional SAPT services through June 30, 2022.

CONSEQUENCE OF NEGATIVE ACTION:

If this amendment is not approved, clients in Contra Costa County will not have access to this contractor's services.

CHILDREN'S IMPACT STATEMENT:

This Alcohol and Drug Abuse prevention program supports the Board of Supervisors' "Families that are Safe, Stable, and Nurturing" and "Communities that are Safe and Provide a High Quality of Life for Children and Families" community outcomes by providing individual, group, and family counseling; substance abuse education; rehabilitation support services; and substance abuse prevention services. Expected outcomes include increased knowledge about the impact of addiction; decreased use of alcohol, tobacco and other drugs; increased use of community-based resources; and increased school and community support for youth and parents in recovery.
