employment programs as authorized by Assembly Bill (AB) 98 (now

## BACKGROUND: (CONT'D)

Assembly Bill 74), the Employment and Human Services Department developed and implemented the subsidized employment program known as Contra Costa Works (CCWORKS).

Following the guidelines and funding options of AB 98 and building upon the success of previous Subsidized Employment and Training (SET) programs operated under the American Recovery and Reimbursement Act (ARRA), the CCWORKS program has been designed very similarly to other programs operated in the Bay Area. CalWORKs participants will be screened into the program and placed with local employers (for-profit, non-profit, and public agencies) who, under contractual/financial worksite agreements, will have the responsibility for the payroll, associated taxes, and workers compensation for the CCWORKS program participant approved and placed within their organization.

The employers will hire the eligible CalWORKs CCWORKS participants upfront and will train the participants to appropriate skills for the position in which they are placed. CCWORKS participants will receive a wage comparable to those workers performing the same or like duties at the worksite.

The worksite agreement will be signed with the employer for each participant that is placed at the employer's worksite. Under the CCWORKS program, EHSD will reimburse at least \$15 per hour and not to exceed \$20 per hour (due to the anticipated increase in minimum wage) for a minimum of 20 hours per week to a maximum of 40 hours per week. No overtime will be subsidized. The individual contracts with each employer will state the reimbursement process and those reimbursements will be paid on the contractual timeline of six (6) months.

Monthly reimbursement invoices will be submitted by participating employers for each client employed through the CCWORKS program. The invoices will be reviewed by EHSD CCWORKS staff and submitted to the EHSD Fiscal Unit for payment.

## CONSEQUENCE OF NEGATIVE ACTION:

Without approval, the CCWORKS program participants will have fewer employment opportunities and federal and state dollars intended for this purpose will remain unspent.
