their families. Eligible individuals are determined by the Federal Individuals with Disabilities Education Act (IDEA), wards or dependents of the Contra Costa County Juvenile Court and or are County-referred. Expected program outcomes will result in positive social and emotional development at home, in the community and greater school success. The contractor has been providing these services since 1979.

On December 14, 2021, the Board of Supervisors approved Novation Contract #24-133-77 with La Cheim School, Inc., in an amount not to exceed \$2,769,860 for the provision of school-based and STRTP services, and mental health and TBS services for SED youth and their families in West Contra Costa County, for the period from July 1, 2021 through June 30, 2022, which included a six-month automatic extension through December 31, 2022 in an amount not to exceed \$1,384,930.

BACKGROUND: (CONT'D)

On February 1, 2022, the Board of Supervisors approved Contract Amendment Agreement #24-133-78, effective January 1, 2022, to increase the per minute billing rates due to COVID-19, with no change to the original payment limit or term.

Approval of Novation Contract #24-133-79 replaces the automatic extension under the prior contract and allows the contractor to continue providing mental health services for SED youth and families through June 30, 2023.

CONSEQUENCE OF NEGATIVE ACTION:

If this novation contract is not approved, there will be fewer treatment options for wards of Contra Costa County Juvenile Court and fewer mental health services available for SED youth in West Contra Costa County as the county solicits and engages an alternative contractor.

CHILDREN'S IMPACT STATEMENT:

This Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) program supports the following Board of Supervisors' community outcomes: "Children Ready for and Succeeding in School"; "Children and Youth Healthy and Preparing for Productive Adulthood"; "Families that are Safe, Stable, and Nurturing"; and "Communities that are Safe and Provide a High Quality of Life for Children and Families". Expected program outcomes include an increase in positive social and emotional development as measured by the Child and Adolescent Functional Assessment Scale (CAFAS).
