help people remain housed. Our system must be nimble and flexible enough to respond through shared responsibility, accountability, and transparency of the community.”

BACKGROUND: (CONT'D)

The Strategic Plan Update identifies two goals:

1) Decrease the length of time people experience homelessness by focusing on providing Permanent Housing and Services; and 2) Decrease the percentage of people who become homeless by providing Prevention activities.

To achieve these goals, three strategies emerged:

- Implement a coordinated entry/assessment system to streamline access to housing and services while addressing barriers, getting the right resources to the right people at the right time; and
- Use best, promising, and most effective practices to give the consumer the best possible experience through the strategic use of resources; and
- Develop the most effective platforms to provide access, support advocacy, and connect to the community about homelessness and available resources.

The Homeless Program of the Health, Housing and Homeless Services Division partners with the Homeless Advisory Board and Continuum of Care to develop and carry out an annual action plan that identifies the objectives and benchmarks related to each of the goals and strategies of Forging Ahead. Further, the Homeless Program incorporates the strategic plan goals into its own delivery system of comprehensive services, interim housing and permanent supportive housing as well as contracting with community agencies to provide additional homeless services and housing with the goal of ending homelessness in our community.

On February 28, 2022, the Family and Human Services Committee (FHS) accepted the attached 2021 Quarter 3 and 4 reports from the Council on Homelessness and directed staff to forward the report to the Board of Supervisors for its information. The delay in getting the reports to the Board of Supervisors is due to administrative staff oversight after FHS approval. Committee staff are reviewing all FHS approved items to be forwarded to the Board, and has improved its tracking tool to ensure delays do not occur in the future.

CONSEQUENCE OF NEGATIVE ACTION:

The Board of Supervisors will not receive the information included in the 2021 Quarter 3 and Quarter 4 reports from the Council on Homelessness.
