clinical decision support solution, to help payers, providers, and government agencies make clinically appropriate medical utilization decisions. Contra Costa Regional Medical Center (CCRMC) uses the InterQual software and clinical content for performing medical necessity reviews. This software also helps determine appropriateness and level of admission, approximate length of stay, and determination of continued stay. The Contra Costa Health Plan (CCHP) has used InterQual since (at least) 2020 to ensure the appropriate utilization of resources and for medical necessity criteria. health records system that helps to ensure best practices when integrating revenue cycle technology. On December 8, 2020, the Board of Supervisors approved Contract #23-652, with Change Healthcare Technologies, LLC, for the provision of software licenses and services regarding its InterQual software, for the period from January 22, 2020, through January 21, 2023. The department requests a retroactive effective date due to a delay in documentation from the contractor. Approval of Contract Amendment/Extension Agreement #23-652-1 will allow the contractor to continue providing software licensing and services through January 21, 2026.
